**BACKGROUND**

The *Local Government Act 1995* (the Act), requires that the Council must every eight (8) years after adoption of any Local Law, or the last review, conduct a review of the Local Law to ensure that is still retains currency.

Generally and specifically the first part of the review was to establish whether there were any Local Laws that were considered obsolete and consequently requiring repeal without being replaced. The Department of Local Government Local Laws Register has been referred to.

There are two situations that may lead to the repeal of a Local Law;

1. Repealing a local law with the intent of making a new Local Law for substantially the same purpose, but reflecting contemporary practices ie new Standing Orders Local Law that reflects contemporary meeting procedure practices; or
2. A Local Law is deemed to be no longer necessary, has a defunct purpose or has been superseded by other legislation.

It is appropriate to point out that any outcomes from a review that result in amendments to a Local Law must then be processed as though it was a change to the Local Law and the amendments formally adopted using S3.12 of the Act.

1. Proceed with the procedure for making local laws for the following Local Laws as per the Department of Local Government Laws Register in accordance with section 3.12 of the Local Government Act 1995;

- Fencing Local Law
- Cemetery Local Law

2. Give state wide public notice of the purpose and effect of the proposed local law as per the Department of Local Government Local Laws Register in accordance with section 3.12 (3a) of the Local Government Act 1995:

COMMENT

Due to council not having completed the required review every eight (8) years on the adopted Local Laws, it is proposed that the shire start the procedure of making local laws in accordance with S3.12 of the Act of the Cemeteries local law.

S3.12 of the Act provides the process to be followed for making local laws.

This in effect means instead of two distinct processes to follow – the first being a review and the second being any amendments or new local laws, we will just be completing the second process of amending or creating new Local Laws.

To commence the procedure for marking locals laws Council is required to advertise state-wide public notice.

Council at the February 2016 Ordinary Council Meeting adopted to proceed in the marking of a Local Law as per section 3.12 of the Local Government Act 1995. State wide notification was published in The West Australian on the 17th February 2016. Council received an emailed submission from Department of Local Government and Communities regarding the Cemetery Local Law.

As these alterations will make the local law significantly different to that initially proposed, it was recommended to recommence the procedure of making a local law.

Council recommenced the process and at the April 2016 Ordinary Council Meeting adopted to proceed in making of a Local Law as per section 3.12 of the Local Government Act 1995. State wide public notice was published on the 11th May 2016 in the West Australian and published in the Pipeline on the 16th May 2016. A copy of the advert and draft local law was sent to the minister for Local Government on the 12th May 2016.

Submission closed on the 8th July 2016 at 4:00pm.

The next step is consideration of any submissions received. If any alterations are made to the local law that would cause the local law to be significantly different to that initially proposed the process will need to be recommenced.
If the Local law has no alterations that would classify as significantly different then the local law can be adopted but ‘absolute majority’ for council to make the local law.

STRATEGIC COMMUNITY PLAN IMPLICATIONS

3 Governance

Refers to the organisational leadership and the way we aspire to be led

To have community leaders and elected community representatives that protect and promote the interests, aspirations and desires of our community.

We acknowledge that Council’s operations could improve by enhancing our planning capabilities and fostering an open, transparent and honest relationship between Council representatives and our community members.

We understand there is a concern that our present community is fragmented and we aspire to create a stronger and more unified community spirit.

Our Strategic Priorities and Goals

In recognition of our community’s aspirations, we have identified seven key strategic priorities. These strategic priorities represent our ultimate community aspirations and, with Council’s assistance, will strive to achieve to become a Shire that displays strength, unity, leadership and diversity.

The community recognises that whilst Council can lead and facilitate the delivery of many of these strategies and goals, the successful implementation of these initiatives will also be largely dependent on participation by other external parties, such as community groups, and State and Federal Government agencies. BY ABSOLUTE MAJORITY
BACKGROUND

The Local Government Act 1995 (the Act), requires that the Council must every eight (8) years after adoption of any Local Law, or the last review, conduct a review of the Local Law to ensure that it is still retains currency.

Generally and specifically the first part of the review was to establish whether there were any Local Laws that were considered obsolete and consequently requiring repeal without being replaced. The Department of Local Government Local Laws Register has been referred to.

There are two situations that may lead to the repeal of a Local Law;

1. Repealing a local law with the intent of making a new Local Law for substantially the same purpose, but reflecting contemporary practices ie new Standing Orders Local Law that reflects contemporary meeting procedure practices; or
2. A Local Law is deemed to be no longer necessary, has a defunct purpose or has been superseded by other legislation.

It is appropriate to point out that any outcomes from a review that result in amendments to a Local Law must then be processed as though it was a change to the Local Law and the amendments formally adopted using S3.12 of the Act.

MIN 51/16 MOTION - Moved Cr. O'Neill 2nd Cr. McNeil

That Council:

1. Proceed with the procedure for marking local laws for the following Local Law as per the Department of Local Government Laws Register in accordance with section 3.12 of the Local Government Act 1995;
   • Parking and Parking Facilities Local Law

2. Give state wide public notice of the purpose and effect of the proposed local law as per the Department of Local Government Local Laws Register in accordance with section 3.12 (3a) of the Local Government Act 1995:

   • Fencing Local Law

COMMENT

Due to council not having completed the required review every eight (8) years on the adopted Local Laws, it is proposed that the shire start the procedure of making local laws in accordance with S3.12 of the Act of the Parking and Parking Facilities local law.

S3.12 of the Act provides the process to be followed for making local laws.

This in effect means instead of two distinct processes to follow – the first being a review and the second being any amendments or new local laws, we will just be completing the second process of amending or creating new Local Laws.

To commence the procedure for marking locals laws Council is required to advertise state-wide public notice.

Council at the February 2016 Ordinary Council Meeting adopted to proceed in the marking of a Local Law as per section 3.12 of the Local Government Act 1995. State wide notification was published in The West Australian on the 17th February 2016. Council received an emailed submission from Department of Local Government and Communities regarding the Local Government (Council Meetings) Local Law.

As these alterations will make the local law significantly different to that initially proposed, it was recommended to recommence the procedure of making a local law.

Council recommenced the process and at the April 2016 Ordinary Council Meeting adopted to proceed in making of a Local Law as per section 3.12 of the Local Government Act 1995. State wide public notice was published on the 11th May 2016 in the West Australian and published in the Pipeline on the 16th May 2016. A copy of the advert and draft local law was sent to the minister for Local Government on the 12th May 2016.

Submission closed on the 8th July 2016 at 4:00pm.

The next step is consideration of any submissions received. If any alterations are made to the local law that would cause the local law to be significantly different to that initially proposed the process will need to be recommenced.

If the Local law has no alterations that would classify as significantly different then the local law can be adopted but ‘absolute majority’ for council to make the local law.

BACKGROUND

The Shire of Kellerberrin Townscape, Road Verge, and Public Open Space Management Plan (TVPMP) outlines the strategies and actions required to meet the Community of Kellerberrin’s aspirations outlined in the Shire of Kellerberrin ‘Strategic Community Plan 2012 -2022’ (SCP).

As a result of the consultation process, the Community of Kellerberrin identified a number of strategic priorities appropriate to the management of the Shire’s amenity and services. These included the delivery of effective services critical to maintaining the Shire as one that will continue to attract residents, businesses and tourists.

In addition an action item in the Corporate Business Plan was for the Shire of Kellerberrin to develop a Public Open Space Plan, this has also been addressed in the Shire of Kellerberrin Townscape, Road Verge, and Public Open Space Management Plan (TVPMP).

COMMENT

The delivery of Shire services have evolved from the traditional role of roads, storm water management, waste management, building maintenance and streetscape maintenance, to now also start venturing into the provision of services that benefit the community socially, economically, environmentally and culturally. This includes ensuring the provision of appropriate management strategies to ensure the Shire’s facilities and amenity continues to attract residents, businesses and tourists. There are a number of issues and challenges for the Shire in facilitating and delivering sustainable community management and services.

This TVPMP is underpinned by the new policy 9.11 Townscape, Verge and Property Amenity, refer to appendix one of the TVPMP. This policy is designed to ensure amenity of the Shire of Kellerberrin is kept at an appropriate standard, in accordance with the Community of Kellerberrin goals and aspirations outlined in the Shire of Kellerberrin ‘Strategic Community Plan 2012 -2022’. In keeping with Schedule 3.1 of the Local Government Act of WA 1995 (LG Act), the Shire of Kellerberrin requires all households, rural properties, business premises, road verges and laneways, to be maintained in a manner that supports the general health safety and amenity of the district, ensuring that overgrown vegetation, rubbish, or disused material as specified, is removed from land that the local government considers to be untidy.

In keeping with the LG Act the Shire of Kellerberrin will also issue notices against land that is considered ‘unsightly’ as well as ‘untidy’ against a property which “does not conform with the general appearance of other land in the locality”.

Additionally, a ruling from the supreme court in Saliba v Town of Bassendean [2013] WASC 93, also found that a local government can issue a notice for items to be removed irrespective of whether or not those items can be viewed from the street, as untidiness also accounts for potential dangers and ill effects caused to neighbours and the public such as for example, unpleasant odors, potential fire risks, the need for pest and vermin control. (T. Beckett, McLeods Barristers and Solicitors).

Enforcement and Infringements: Under section 3.25 of the LG Act, notices generally, a local government may issue notice to an owner or occupier of land, requiring specified works or actions
to be carried out, including the removal of items that the local government considers ‘unsightly’ and/or ‘untidy’. Where a local government issues under section 3.25 of the LG Act to an owner or occupier of land, failure to comply with that notice will constitute an offence which carries a maximum penalty of $5,000 and a maximum daily penalty of $500 for each day during which the offence continues. (T. Beckett, McLeods Barristers and Solicitors).

The following comments are provided for Council’s information and to assist in the decision making process.
**Item 4.1**

Executive Member Delegate to move:

That the WALGA Constitution be amended as follows:

1. In Clause 5(7)(b) of the Constitution for “sub-clause 5(9)” read “sub-clause 5(11)”.
2. Clause 10(2) of the Constitution be amended with the last sentence to read:
   “The President shall exercise a casting vote only, in the event of there being an
equality of votes in respect of a matter considered by the State Council but
excluding an election held in accordance with Clause 16.”
3. Clause 10 of the Constitution be amended by inserting as sub-clause (9):
   “(9) State Council shall adopt Standing Orders that will apply to all meetings.”
4. Clause 14(4a) and Clause 20 of the Constitution be amended by inserting as sub-
   clause (h) and sub-clause (j) respectively:
   “is a Councillor of an Ordinary Member that has been peremptorily suspended
under Section 8.15C (2)(c) of the Local Government Act 1995”
5. Clause 16(2)(b) of the Constitution be amended to read:
   “(b) representatives are to vote on the matter by secret ballot.”
6. Clause 17 of the Constitution be amended by inserting as sub-clause (5):
   “(5) Where the incumbent President seeks and is re-elected for a consecutive term
   that person shall not hold office beyond two (2) full consecutive terms.”

Notes

- Amendments to the WALGA Constitution that were resolved by State Council in March 2016
- Finalisation of WALGA’s periodic governance review that focused on consistency among
governance documents.

**Item 4.2**

Shire of Dardanup Delegate to move:

Request that WALGA State Council investigates the development and implementation of
Natural Disaster Recovery Support Funding that will provide advice and financial support
for Local Governments affected by the impacts of natural disasters that meet the Western
Australian Natural Disaster and Recovery Arrangements (WANDRRA) criteria.

Notes

- Process to receive funding is difficult
- Government response is slow
- New source of funding is required.

**Item 4.3**

City of Bridgetown-Greenbushes Delegate to move:

That the Public Transport Authority and Brookfield Rail work with WALGA and any
interested Local Government in developing a policy and/or procedures in order to facilitate
third party use of non-operation rail corridors, in particular uses that demonstrate a clear
community benefit.

Notes

- Brookfield Rail has a lease over an extensive network of rail infrastructure in WA.
- This lease includes non-operational rail corridors, where in some cases rail use hasn’t
  occurred for 20 years or more.
- There is potential for the non-operational rail corridors to be used by local governments or
  third parties for a community benefit however to date it has proven difficult to get Brookfield
  Rail and the Public Transport Authority to recognise this potential.
- A policy to facilitate such uses should be developed with input from interested local
governments.

**Item 4.4**

City of South Perth Delegate to move:

Ordinary Council Meeting Minutes – 27th July 2016 Page 58

DATED: ..................................................  PRESIDENT SIGNATURE: ..................................................
1. Request the Western Australian Local Government Association to advocate for an independent review of decision making in the Western Australian Planning System, including the roles of local government, delegated authorities, Joint Development Assessment Panels and State Administrative Tribunal appeal processes that gives consideration to:
   i. How the aspiration or values to the community are incorporated into the decision making framework
   ii. Improvements to the statutory framework, including Local Planning Schemes, that would improve the transparency, certainty and consistency of the decision making process;
   iii. Ensure that decision making occurs at appropriate levels that promotes good and efficient decisions for the community;
   iv. Ensure that Local Government have a third party right to present local community views to the State Administrative Tribunal;
   v. The erosion of the roles of Local Government in planning for their communities.

2. In the event that the State Government is unwilling to pursue an independent review of the decision-making process, request the Western Australian Local Government Association to engage with members and advocate for practical reforms that will ensure greater accountability, transparency and procedural fairness for ratepayers through the Joint Development Assessment Panel’s decision making processes.

Notes

- Issues arising from decision of Joint Development Assessment Panels needs to be addressed.
- Issues arising from State Administrative Tribunal need to be addressed.
- Local Government Planning Policies are being disregarded in decision making.
- The Planning System is no longer providing for the voice of communities to be effectively heard.
- The State Government continues to support and protect its reforms leaving the LG sector to deal with community dissatisfaction.
- An independent review will seek to provide a strong basis for improved advocacy in the lead up to a State Election.

Item 4.5

City of Subiaco Delegate to move:

That WALGA:
1. Advocates for the abolition of Development Assessment Panels (DAPs) on the basis that:
   1.1. DAPs by means of their majority unelected membership are not democratic bodies representing the ratepayers and accordingly do not reflect the aspirations or values of the community;
   1.2. DAPs represent a significant erosion of planning powers by elected representatives who have been given a mandate by ratepayers to make these decisions; and
   1.3. Previous decisions made by the Joint Development Assessment Panel have gone well beyond the purpose, intent and application of relevant Local Planning Scheme and Policies adopted by each local council; and
2. Advocates for consideration of the following reforms, in the event that DAPs remain in place, to ensure greater accountability, transparency and procedural fairness for ratepayers through the Panel’s assessment and decision making processes:
   2.1. Abolishing the current opt-in mechanism which allows applicants to choose either elected Councils or the DAP as the decision maker in favour of a
Ministerial call-in power for projects of state or regional significance, with a minimal value of $20 million, as has been adopted in the eastern states;

2.2. Requiring equal membership on the DAP between Local Government and Appointed Specialist members with an independent chair approved by both State and Local Governments;

2.3. Requiring the DAP to set the meeting date for consideration of the development applications no later than five working days after the application being received to enable inclusion within the community consultation process;

2.4. Requiring the DAP agenda and local government report and recommendation to be published no less than ten business days prior to the scheduled meeting date;

2.5. Requiring a minimum of five business days between publishing the DAP agenda and the date by which ratepayers can make public presentations to the DAP, to provide more time to prepare a formal response;

2.6. Mandating that respondents to the development application can nominate e-mail or Australia Post as their preferred contact method for information and requiring the local government to contact registered respondents throughout the process as deadlines are reached;

2.7. Providing a public template for ratepayers to assist with the preparation of feedback as part of the Community consultation process;

2.8. Requiring any changes to a development application between the community consultation period and final proposal for decision by the DAP to be published on the local government's website and to notify all respondents to the original community consultation of those changes;

2.9. Removing the need for the local government to obtain the applicant's consent for further consultation or an extension of time to report the applicant's development proposal to a DAP meeting for determination; and

2.10. Providing a Local Government aggrieved by a DAP decision a right of review at the State Administrative Tribunal.

3. Advise the Minister for Planning of its concerns with the actions and decisions of the Development Assessment Panels.

Notes

• That WALGA advocate for the abolition of Development Assessment Panel (DAPs).

Item 4.6

Shire of Dandaragan Delegate to move:

That WALGA:

1. Continue to actively advocate for the implementation of a Container Deposit Scheme in Western Australia; and

2. Include the implementation of a Container Deposit Scheme in the Association’s Election Platform.

Notes

• WALGA has advocated for a CDS over a number of years

• In 2008 WALGA established a Policy Statement in support of Container Deposit Legislation

• A CDS will assist in litter reduction and improve resource recovery

Item 4.7
Shire of Dardanup Delegate to move:

Request that WALGA lobby the Minister for Agriculture and Food WA to ensure that the Biosecurity and Agriculture Management Act 2007 (BAM Act) review results in the Act giving the Department of Agriculture and Food WA the responsibility to control, manage and facilitate the eradication of pest plants and weeds, including Cotton Bush, and that the Department be adequately funded to undertake eradication programs for all species that have the potential to negatively impact on the production of agriculture in Western Australia, including but not limited to Cotton Bush, wild dogs, cane toads, skeleton weed, Blackberry and Patterson's Curse.

Notes
- Request for WALGA to lobby the Minister for Agriculture and Food WA to ensure that the BAM Act review results in the Act giving the DAFWA the responsibility to control, manage and facilitate the eradication of pest plants and weeds, including Cotton Bush
- Department be adequately funded to undertake eradication programs

Item 4.8

City of Bunbury Delegate to move:

That the Western Australian Local Government Association advocates for reforms to the parameters applied by the WA Government regarding generation of energy through renewable sources by local governments, either individually or in partnership with private sector specifically seeking a fixed feed in tariff for extended periods to enable effective business planning and funding arrangements.

Notes
- WALGA to advocate for changes to the rules and regulations governing feed in tariffs for renewable energy, providing for a guaranteed fixed feed in tariffs over an extended period.

Item 4.9

Shire of Toodyay Delegate to move:

That all new legislation, regulation or quasi regulation imposed on Local Government be accompanied by an independent regulatory impact assessment including the opportunity for input from the Local Government sector.

Notes
- The State Government is committed to red tape reduction.
- Increased Local Government compliance requirements have not been subject to the same level of scrutiny.
- All new legislation, regulation or quasi-regulation should be subject to a regulatory impact assessment.

Item 4.10

City of Bunbury Delegate to move:

That the Western Australian Local Government Association:
1. Develop assessment criteria to formally recognise the contribution that Western Australian local governments are taking to promote and improve accessibility within their jurisdictions.

2. Conduct an annual awards process coinciding with Local Government Week to recognise local governments nominated for work undertaken in no. 1 above based on metropolitan, Regional and remote categories.

3. Nominate the winning local government from each category for the National Awards for Local Government – Disability Access and Inclusion Awards conducted by the Department of Infrastructure and Regional Development.

Notes
- Introduce an annual awards program coinciding with LG Week to acknowledge local governments promoting and improving accessibility in Western Australia

**Item 4.11**

Shire of Bridgetown-Greenbushes Delegate to move:

That WALGA, recognising that a significant role of local government is to lobby and advocate to higher levels of government on matters of concern to local constituents, advocate to the State Government for a discussion paper to be prepared on the issue of decriminalising the use of excessive force by members of the public when such force is effected in the course of defending family and property from intruders.

Notes
- There have, in recent years, been some well publicised incidents of property owners being charged for causing injury to intruders in the course of defending family and property.
- This is an issue of concern to the broader community and it has been raised at many community forums across the State.
- Local Government has an advocacy role to take on matters of concern raised by the community even when they are not directly related to local government service provision.
- The Motion is merely seeking the development of a discussion paper in order to allow widespread debate of this issue in the community.

**Policy**

Council shall decide by resolution to nominate such representatives as Council may consider are appropriate.

The current relevance of the proposal to the Shire.
Historic or expected attendance.

The relationship of the proposal to the outcomes to be delivered and how these relate to the Councillor’s role as either a Presiding Member, Committee Member or Councillor.

CARRIED 7/0
BY ABSOLUTE MAJORITY
BACKGROUND

The Central East Aged Care Alliance (CEACA) is a partnership of eleven Wheatbelt Shires (Bruce Rock, Kellerberrin, Koorda, Merredin, Mt Marshall, Mukinbudin, Nungarin, Trayning, Westonia, Wyalkatchem and Yilgarn) formed in 2012 and formalised as an Incorporated Association in mid-2015. CEACA has the purpose of capturing economic benefit in the Wheatbelt by providing older people with the necessary services and infrastructure to remain living in their community of interest. CEACA’s key area of activity is in the provision of appropriate housing options and public infrastructure that meets the needs of seniors.

CEACA has formulated a staged 6 year program to construct 187 Independent Living Units (ILUs) across those eleven Shires to address market failure to meet increasing demand for age appropriate accommodation and services.

In Stage 1 of the project, CEACA was successful in obtaining funding of $2,075,800 from Royalties for Regions’ Southern Investment Initiative, managed by the Shire of Merredin on CEACA’s behalf, for the land assembly and servicing of 54 lots across the eleven Shires for the construction of ILU’s. Work on Stage 1 has commenced with a Project Manager appointed to progress the works.

CEACA has since been successful in obtaining a further $19,986,439 in funding from Royalties for Regions’ Growing our South program, which will again be managed by the Shire of Merredin on CEACA’s behalf. The funding is for the preparation and servicing of 21 lots for construction of ILUs by June 2019, and the construction of 75 ILUs by June 2020 across the eleven Shires.

One of the conditions of receiving Progress Payment 1 in the Financial Assistance Agreement (FAA) for Stage 2 is a minuted commitment from each CEACA Council verifying their financial commitment to the construction of Stage Two which incorporates the Land Assembly and Construction of houses.

The purpose of this agenda item is therefore to comply with that condition.
COMMENT
The site for CEACA in Kellerberrin is the Ex-Cole Engineering site which has the capacity to host 26 units.

Stage 1 on the project will incorporate the Land Assembly for eight (8) units at this site with Stage 2 of the project involves the construction of 14 ILUs and the Land Assembly for the balance of (6) sites in Kellerberrin.

Therefore Council’s commitment to Stage Two is as follows;
- $20,000 per ILU - $280,000;
- $7,200 per Land Assembly - $43,200

This commitment is on top of the $57,600 commitment for Stage one funding being the Land Assembly for eight (8) lots.

As the scheduling of the construction of the ILUs is yet to occur, the timeframe for when the funding is to be made available and therefore included in Council’s Budget is not yet known.

For the purpose of this item, Council should be making the commitment now so that when the time comes for the ILUs to be constructed the contribution is available. This could come from Municipal funds, a loan or other source. Should the funds not be utilised in the 2016/2017 year the funds could be re-vested into Council’s Housing Reserve to ensure appropriate funding is available when required.

FINANCIAL IMPLICATIONS (2016/2017 Annual Budget)
- 14 Units @ $20,000 per ILU - $280,000;
- 14 Blocks @ $7,200 per Land Assembly - $100,800

To ensure that this has no effect on the current year’s budget it is proposed to loan the entire $380,800 over a period of 10 year period at a total cost to Council of $434,902.88 as per attached Schedule.

This total cost represents an approximate contribution from Council of 10% towards the project without including the supply of Land.
Council has met with Milligan Units to discuss a financial contribution towards the project. Council has verbally been advised that a recommendation has been put that $35,000 be given to Council as a contribution to works.

**POLICY IMPLICATIONS –**

*Policy 1.2 - Accounting Principles*

(p) **Borrowing Costs**

Borrowing costs are recognised as an expense when incurred except where they are directly attributable to the acquisition, construction or production of a qualifying asset. Where this is the case, they are capitalised as part of the cost of the particular asset until such time as the asset is substantially ready for its intended use or sale.

**STATUTORY IMPLICATIONS –**

*Local Government Act 1995 – Part 6 Financial Management*

Financing local government activities

Subdivision 3 — Borrowings

**6.20. Power to borrow**

(1) Subject to this Act, a local government may —

(2) Where, in any financial year, a local government proposes to exercise a power under subsection (1) (power to borrow) and details of that proposal have not been included in the annual budget for that financial year —

(a) unless the proposal is of a prescribed kind, the local government must give one month’s local public notice of the proposal; and

(b) the resolution to exercise that power is to be by absolute majority.

(3) Where a local government has exercised a power to borrow and —

(a) it does not wish to proceed with the performance of the function or the exercise of the power for which the power to borrow was exercised; or

(b) after having completed the performance of the function or the exercise of the power for which the power to borrow was exercised, any part of the money borrowed, credit obtained or financial accommodation arranged has not been expended or utilized, the local government may resolve* to expend the money or utilize the credit or financial accommodation for another purpose if one month’s local public notice is given of the proposed change of purpose. * Absolute majority required.

(4) A local government is not required to give local public notice under subsection (3)

(a) where the change of purpose has been disclosed in the annual budget of the local government for the relevant financial year; or

(b) in such other circumstances as are prescribed.

**6.21. Restrictions on borrowing**

(1) Where, under section 6.20(1), a regional local government borrows money, obtains credit or arranges for financial accommodation to be extended to the regional local government that money, credit or financial accommodation is to be secured only —
(a) by the regional local government giving security over the financial contributions of
the participants to the regional local government’s funds as set out or provided for
in the establishment agreement for the regional local government; or
(b) by the regional local government giving security over Government grants which
were not given to the regional local government for a specific purpose; or
(c) by a participant giving security over its general funds to the extent agreed by the
participant.

(1a) Despite subsection (1)(a) and (c), security cannot be given over —
(a) the financial contributions of a particular participant to the regional local
government’s funds; or
(b) the general funds of a particular participant, if the participant is not a party to the
activity or transaction for which the money is to be borrowed by, the credit is to be
obtained for, or the financial accommodation is to be extended to, the regional
local government.

(2) Where, under section 6.20(1), a local government borrows money, obtains credit or
arranges for financial accommodation to be extended to the local government that
money, credit or financial accommodation is only to be secured by giving security over
the general funds of the local government.

(3) The Treasurer or a person authorised in that behalf by the Treasurer may give a
direction in writing to a local government with respect to the exercise of its power under
section 6.20(1) either generally or in relation to a particular proposed borrowing and the
local government is to give effect to any such direction.

(4) In this section and in section 6.23 —

**general funds** means the revenue or income from —
(a) general rates; and
(b) Government grants which were not given to the local government for a specific
purpose; and
(c) such other sources as are prescribed.

Section 6.21 amended by No. 49 of 2004 s. 59.

Part 2 General financial management — s. 6.10r. 6

20. When local public notice not required for exercise of power to borrow (Act s.
6.20(2)(a))

a power to borrow when the power is to be exercised to re-finance a loan or to
continue other financial accommodation (whether with the same or another bank or
financial institution) except where the re-financing or continuation is a major variation.

(2) In this regulation —

**major variation** means a variation in the terms of a loan or other financial
accommodation which is —
(a) a capitalisation of interest accruals; or
(b) an increase in the term of the loan or other financial accommodation;

CARRIED 7/0
BY ABSOLUTE MAJORITY
BACKGROUND

Council has received a letter from the Kellerberrin Recreation and Leisure Centre Management Advisory Committee (KRLMAC) seeking a Self Supporting Loan of $100,000 over a five year period to enable the committee to construct a 42m x 42m shed to house an Indoor Sporting Facility which will include Basketball/Netball courts and Squash courts.

COMMENT

The KRLMAC have been fundraising for many years to assist with the construction of the Recreation Centre. The committee has been committed to ensuring that the facility is complete to the extent as per the original plan as much as possible.

The next construction proposal is to construct the abovementioned 42 x 42 Shed over the existing courts with some power works being completed.

The committee has set aside the following items to be completed in their opinion to finish the Recreation Centre Precinct;

- Indoor Arena facility (Basketball/Netball and other sports)
- Squash Courts within the Arena
- Ladies Changerooms
- Relocating the TOTE into Cuolahan Room
- Relocating Cuolahan to TOTE and removing middle wall creating a large meeting/function area.

The committee has a new three year lease of the 200ha block south of the Great Eastern Highway at the Shire of Kellerberrin/Tammin boundary. The funds from this cropping will be utilised to reimburse Council for the loan funds.

FINANCIAL IMPLICATIONS (ANNUAL BUDGET)

Shed supply and Install as per attached quotation $385,900 (Exc GST)

The KRLMAC has the following funds available:

- Bank Balance $152,000
- 2016 Cropping $ 90,000
- District Club Contribution $100,000 (Awaiting Confirmation from Club)
- Self-Supporting Loan $100,000

TOTAL $442,000
This leaves the committee with $56,100 for the committee to place lighting in the facility and also to leave funds in the account for the committee to utilise for the 2017 cropping program.

Please find attached a proposed loan repayment schedule on a $100,000 loan over a five year period. The interest repayable over the term of the loan would be $6,007.31.

Therefore for the provision of the new facility over a five year period it is costing the committee $1,200 a year. This figure should be considered as a cheaper option as if the committee left for a further twelve months with steel prices increasing the construction costs would increase by more than the interest repayments over the term.

POLICY IMPLICATIONS

Policy 1.2 - Accounting Principles
(p) Borrowing Costs
Borrowing costs are recognised as an expense when incurred except where they are directly attributable to the acquisition, construction or production of a qualifying asset. Where this is the case, they are capitalised as part of the cost of the particular asset until such time as the asset is substantially ready for its intended use or sale.

21. **When local public notice not required for change of use of borrowed money (Act s. 6.20(4)(b))**

</tbody>
</table>

2. Installment option is offered for rubbish charges - no installment interest or penalty interest to apply.

3. Administration fee of $5.00 per reminder rate notice (Options B and C)

4. Installment interest to be levied at 5.5%

5. That Council offer ratepayers a 2% early payment discount.

6. Late payment penalty interest to be levied at 11% for Rates and Emergency Services Levy for all outstanding rates from the applicable due date.

7. That rate incentives be offered to ratepayers for early payment of rates within 35 days at no cost to Council.

8. That Council recommends a 5.21% increase of the rates revenue for its 2016/17 Draft Budget.

BACKGROUND
An application has been received from Mr Quenten Tiller to install a demountable building on his premises to be used as accommodation units to house CBH workers during the summer harvest periods. The donga type building (14.4m x 3.4m) will feature a full length verandah.

COMMENT
I have been dealing with this matter for about two months. When initially contacted by Mr Tiller about the proposal I had envisaged a typical granny flat arrangement which was made possible circa 18 months ago when the State Government changed the law on such structures and relaxed the provisions that limited such buildings as only being available to house close relatives of the family; thus the colloquial term "Granny Flats" that evolved.

With the adoption of the latest revisions to the "R-Codes" the term used for such structures is now "Ancillary Accommodation" and they are limited in size to 70m². There is no requirement for the buildings to rely on the main house for anything, for example a laundry facility, nor is there a requirement for the inhabitants to be related to the house dwellers.

This proposal however is different to what is normally proposed as it's comprised of four SOU's (Single Occupancy Units) as they are typically made for housing mine-site workers.

As I was concerned about the ancillary accommodation being comprised of four SOU's and furthermore the fact that it was intended as accommodation for transient workers I sought expert opinion from the West Australian Planning Commission via Senior Planner Mrs Jacquie Stone. She told me that whilst not being the norm such a use was permitted provided the proposal met R-Codes provisions.

The "R-Codes" require that the subject property, with a zoning of "Residential R10/40" must retain 60% of the site as "Open Space" in accordance with the definition provided in the Code. This proposal satisfies the requirement. See ATTACHMENT 1.

In terms of Council's local Planning scheme the Use Class Table the proposed use is a "P" use provided the requirements of the R-Codes are satisfied: in this case they are.

FINANCIAL IMPLICATIONS
The stated estimate of the cost of the project is $24,500.
Therefore the following will apply:-
• Development Application of $147.00 has been paid.
• Building Permit will be $96.00.
• Builders Registration Board Levy of $61.65.
• BCITF of $50.00

BACKGROUND
An application has been received from Mr Phillip Harvey to set-up a hairdresser/Beauty shop in the front portion of the existing old building where he lives. See ATTACHMENT 1. Miss McWhirter will be operating the business.

The history of the building is described on a Brass Plaque positioned in front of the building that states the following:-
"Built by the Commonwealth Bank in 1912, Massingham House served as a bank or business premises until 1979 when it became a private dwelling. It was renamed in 1976 after one of the earliest settlers in the district, Mr C. Massingham who established an outstation at Milligan, 7 miles north of Kellerberrin."
An Australian Bicentennial project with financial assistance from the State & Commonwealth governments.

COMMENT
I have not been able establish with any certainty the true status of the subject building. The evidence is there to say it was built and used for sixty four years as a business premises and then it appears to have become a dwelling from 1979.

Notwithstanding the current Zoning for the Lot is "Town Centre" and that mandates what use can be made of it regardless of what the building looks like.

The "Zoning Table" in Council's "Local Planning Scheme No 4" lists a "Shop" as a "P" Use and the definition of a "Shop" is as follows:-
"shop" means premises used to sell goods by retail, hire goods, or provide services of a personal nature (including a hairdresser or beauty therapist) but does not include a showroom or fast food outlet;

A "P" use In terms of the "Zoning Table" is defined as follows:-
"P" means the use is permitted by the scheme providing the use complies with the relevant development standards and the requirements of the scheme.

For the relevant development standards and the requirements of the scheme we refer to the following section of the Scheme text:

PART 5—GENERAL DEVELOPMENT REQUIREMENTS

5.7 Commercial Development
5.7.1 Commercial development shall not exceed two (2) storeys in height except where the Council considers that particular circumstances may warrant an exception being made and provided such development will not affect local amenity and will enhance the character of the town centre.

5.7.2 In considering an application for planning approval for a proposed commercial development (including additions and alterations to existing development) in the town centre the Council shall have regard to the following—
(a) the colour and texture of external building materials; the Council may require the building façade and side walls to a building depth of 3m to be constructed of masonry;
(b) building size, height, bulk, roof pitch;
(c) setback and location of the building on its lot;
(d) architectural style and design details of the building;
(e) function of the building;
(f) relationship to surrounding development; and
(g) other characteristics considered by the Council to be relevant.

5.7.3 Landscaping should complement the appearance of the proposed development and
town centre.
5.7.4 The layout of carparking shall have regard for traffic circulation in existing carparking
areas and shall be integrated with any existing and adjoining carpark.
5.7.5 All other development standards for development in the Town Centre zone are at

BACKGROUND
An application has been received from Mr Nicolas Malaspina to install a large Sea Container with 3.6m wide lean-to type carport structures along each side. The applicant has described the proposed construction as being a "Garden and vehicle Shed". See ATTACHMENT 2. Mr Malaspina has told me that he will not use the shed to live in.

COMMENT
The Zoning for the Lot is "General Agriculture " and that mandates what use can be made of it. It is a small parcel of land (Area 7.12 Ha) that abuts the Highway. It is about 2.8 Km from eastern boundary of the Shire. See ATTACHMENT 1.

I have had difficulty in determining what category can be assigned to the proposed activity. After much research and after discussing the matter with the Council's consultant Planner Mr Paul Bashall the consensus of opinion is that a Use termed "Recreation - Private" is appropriate.

The "Zoning Table" in Council's "Local Planning Scheme No 4" lists "Recreation - Private" as a "D" Use and the definition of "Recreation - Private" is as follows:-

"recreation - private" means premises used for indoor or outdoor leisure, recreation or sport which are not usually open to the public without charge;

A "D" use In terms of the "Zoning Table" is defined as follows:-
"D" means the use is not permitted unless the local government has exercised its discretion by granting planning approval.

For the relevant development standards and the requirements of the scheme we refer to the following section of the Scheme text:

PART 5—GENERAL DEVELOPMENT REQUIREMENTS

5.11 Rural Development
5.11.1 Buildings within the General Agriculture zone shall comply with the following minimum lot boundary setbacks—
Front: 20.0 metres
Rear: 15.0 metres
Side: 5.0 metres

5.11.2 The Council will only support further subdivision of existing lots in the General Agricultural zone where—
(a) the lots have already been physically divided by significant natural or man-made features which preclude the continued operation of a farming property as a single unit (unless adjoining land could similarly be subdivided and thereby, by the process of precedent, lead to an undesirable pattern of land use in the area or in lots too small for uses compatible with the prevailing use in the area or in ribbon development alongside roads);
(b) the lots are for farm adjustment and the erection of dwellings is restricted by memorials on titles;
(c) the lots are for specific uses such as recreation facilities and public utilities; or
(d) the lots are required for the establishment of uses ancillary to the rural use of the land or are required for the travelling public and tourists (such as service stations and motels); or
(e) otherwise in accordance with the Council’s policy for Homestead Lots.
